

Join the “Chain of Satisfaction” with our customers

The words “Thank you” from our customers are the source of our energy.

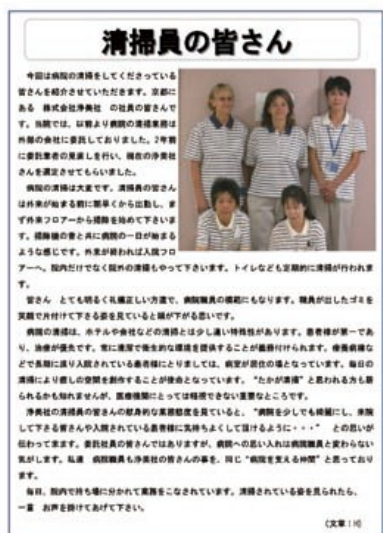

With all our hearts united, we sincerely wish our customers’ satisfaction and pleasure. This is expressed in the services of Jobisha - high quality in all operations.

We wish to offer services to our customers faithfully, cheerfully, and honestly. We believe that this mindset must be propagated to our customers’ heart so that the “Seriousness about Purity,” the quality target of Jobisha, will not end up as an empty slogan.

The words “Thank you” are the essential source of nourishment to produce pleasure between customers and us, and to evolve us.
